**ROBERT VICKERS** : [bethel1988@hotmail.com](mailto:bethel1988@hotmail.com)

The cost of the charter boat is approximately \$700 per day and is a huge discount, and up to 5 people per boat which is \$140 per person. Paying in advance is not mandatory but advised, for easy setup of availability. We are trying to get two boats at this price but we will need 10 people that want to go or we will have to adjust price, if we cannot get 10 people to go. Example: 8 people at 2 boats = \$175 to cover cost of 2 boats \$1400...if only 5 people and one boat cost will be \$140, so if we get 10 people and use two boats cost will be same \$140..These boats are located in Hickam AFB and we'll all need to meet at main gate at 5:30 am on the date we go, and bring our driver's license, registration, insurance card, breakfast and lunch. These boats are very comfortable and I'm sure you will like his methods of fishing, he provides everything for big game fishing. We are sending this info out early so we get a feel of early commitments and interested fishermen. Although we get to keep what we catch it is mandatory to share with Capt. and crew, and also a tip would be great as he is doing us a huge favor. If you want to send in your money early, it should be sent in after February of 2018 and made out to Norman Swift 84-1140 Kaulawaha Rd. Waianae, HI 96792.. I will get the money to him when the amount is reached. Below is his Charter business so you can check him out or email him if need be or check his website. Also the dates are not written in stone and may be changed if everyone agrees, LMK of any ideas. Any questions call or email me anytime, that's all I got for now. Early head count makes it easy to reserve dates and boats so send application back or email it back.
